

Devil's Souls (Southern Version)

Dirty Monster

They say the devil's coming out to take my soul
And boy, I know him better than you think you know
'Cause I shot a man dead in the dead of night
It felt so wrong and it felt so right
But if the devil's coming out to take my soul
I'm gonna play him a little ditty, a little rock 'n' roll
Oh, the devil's coming out to take my soul
I said bring him on in so we can see the show
[?] son of a gun
My days are numbered and I'm on the run
'Cause if the devil's coming out to take my soul
He's gonna hear my little ditty before I go, yeah
Now they say I'm coming down I'm gonna take your soul
Yeah, I wanna hear that little ditty you call
