

# Black Magic

Jaymes Young

I let you in my brain  
I used to doubt, now I believe  
I let you ease my pain  
Using your black magic on me (me) I don't know how you do what you do  
But you do it so good to me  
My favorite pill when I'm getting so blue  
Your taste is all I need Baby, you're my cocaine, I can't stop sniffing  
You move so good, got my heart totally tripping  
The moment I get you in my veins  
I'm taking over the world  
I let you in my brain  
I used to doubt, now I believe  
I let you ease my pain  
Using your black magic on me  
Oh, oh, oh  
Oh, oh, oh  
Using your black magic on me  
Oh, oh, oh  
Oh, oh, oh  
Using your black magic on me You make it feel so damn good to be bad  
You're the best I ever had  
You're cold-blooded and I love it, yeah, yeah, yeah Baby you're my ocean, I can't stop swimming  
The salt of your waves, and I can't stop sipping  
The moment that I get you all alone (alone)  
I let you in my brain  
I used to doubt, now I believe  
I let you ease my pain  
Using your black magic on me  
Oh, oh, oh  
Oh, oh, oh  
Using your black magic on me  
Oh, oh, oh  
Oh, oh, oh  
Using your black magic on me When I was young (uh uh uh uh) my father warned me  
About girls like you (uh uh uh uh)  
About girls like you (ah ha)  
When my heart is numb (uh uh uh uh) and I'm feeling lonely  
I let you through (uh uh uh uh)  
And you fixed my blues up I let you in my brain  
I used to doubt, now I believe  
I let you ease my pain  
Using your black magic on me

Oh, oh, oh  
Oh, oh, oh  
Using your black magic on me  
Oh, oh, oh  
Oh, oh, oh  
Using your black magic on me I love it, baby
