Hot Rod Monster Jam Lyrics just because you've become a young man now,
there's still somethings that you don't understand now,
just because you've become a young man now,
there's still somethings that you don't understand now,
just because you've become a young man now,
everybody's stoned, nobody gives a shit,
but these guys are making so much bread, but it doesn't matter what they do
everybody's stoned nobdoy gives a shit,
but these guys are making so much bread, but it doesn't matter what they do
