

# Quiet Village (Justin Robertson Revtone Remix)

[Martin Denny](#)

Alone in my quiet village I pray  
You will be returning one day  
To me

Return to me

Alone living with the mem'ry of you  
Promising you'd always be true  
To me

Be true to me

Above me there's a moon on fire  
Telling you to love me as I desire  
And ever the flame in my quiet village will burn  
Darling till the day you return to me  
Return to me, return to me
