

# Empty Vessels Make the Most Noise

## Monuments

All these broken...  
Is this what you need?  
United as brothers  
In mission to succeed  
Now we see the truth  
... The skies

...

...

Your love has burned out  
Tattooed words are broken  
Are broken...  
Who shouts the loudest  
And forgotten how to speak his mind

...

...

...

...

Living in this torture  
No...

...

...

...

...

...

...

...

...

...

Descent upon us all  
Tattooed words are broken...  
Who shouts the loudest  
And forgotten how to speak his mind  
Free...

...

...

...
