

# Falling in Love Will Kill You (feat. Gerard Way)

## Wrongchilde

I'm okay  
But I went to see the doctor yesterday  
To tell him how my heart is going crazy  
It feels like I got hit by a train  
What is happening  
He said listen  
You fool, you're falling in love  
Falling in love, falling in love, falling in love will kill you  
I'm okay  
But I had to see the train again today  
To tell her how my head is going crazy  
But things get all mixed up inside my brain  
So what is happening  
And she said  
Shut up, you fool  
You're falling in love again  
Falling in love, falling in love, falling in love will kill you  
(Love will kill you)  
I collapse into your arms (it'll kill you)  
Falling in love, falling in love. Falling in love will kill you  
Love will kill you  
Love will kill you
