

Carson

Bike Thiefs

This is a safe space
This is a union
This is community
An institution
This is a networking opportunity Somebody help me
I miss my hardships
I miss my old cellmate
I miss being homesick
I've got four minutes and I'm ready for Carson
Meltdown anytime
In broad daylight
Yeah whatever
Doesn't matter You've got a lot of potential
Sure you're pretty sick of that sound
But even miserable bastards
Can turn their lives around This is a program
This is a movement
A weekly meeting
On self-improvement
A social enterprising opportunity Have a meltdown
A public bathroom
Yeah whatever
In a Whole Foods
All this time
Was old and grey
Never occurred to me Go outside
You'll be okay
No use living in fear
